can conveniently do so

2 Government note that the Municipal Board has not been consulted on the subject, but it is not necessary that it should be consulted, since it is not the intention of Govt to make the Municipality bear any portion of the cost of improvements effected in case the receipts by the sale of house sites are fall short of the expenditure, which will be borne by Govt from Provincial Funds. Should there however be a surplus, Government will be glad to make it over to the Municipality. For the present, the cost will be treated as expenditure incurred by Government for

for the improvement of the City and the Comptroller should keep a separate account of the advances made the expenditure incurred and the receipts obtained by the sales of house sites &c. The expenditure and receipts should be properly audited by the Comptroller, and for this purpose, the President of the City Improvement Committee should render to the Comptroller a statement of receipts and expenditure with the necessary vouchers up to date and monthly

in future. The Comptroller
after rendering the accounts
will forward to Govt
an abstract statement
of receipts and expenditure
(care should be taken
that the ordinary expenditure
of the Municipality is not
mixed up with the "City
Improvement Account".
